Fiona Jensen, OTR/L, is the founder & Executive Director of Calmer Choice, a non profit organization that brings mindfulness programs into the schools of Cape Cod, Massachusetts. Fiona started Calmer Choice in 2009 in response to the emotional devastation she witnessed in her daughter and her friends after the tragic deaths of several of their high school classmates. To date, Calmer Choice has reached over 3500 students, their teachers, and their families, and the demand for additional programming continues. A graduate of Tufts University and a clinical Occupational Therapist, Fiona is a tireless advocate for mindfulness in education and is being honored for the successful work of Calmer Choice.
